Subject: RE: Documents to be downloaded re Cargill / Saltworks

Hello Brett,

I had another project that needed my attention for a few days, and unfortunately, I will be OOTO for most of the day tomorrow, for an Earth Day project. I hope to have your documents downloaded and an index for on Friday. If this is a problem, please let me know. Thanks for your patience,

Sharon

Subject: Documents to be downloaded re Cargill / Saltworks

Sharon,

Here is the link to the webpage with the documents to be downloaded

– <http://www.spn.usace.army.mil/Library/FreedomofInformationAct/FOIAHotTopics.aspx>

There are several FOIA “Hot Topics” listed, but we just need the documents for Cargill/DMB Redwood City Saltworks:

Cargill/DMB Redwood City Saltworks

May 30, 2012 Redwood City Saltworks JD Submission Packet (37 Meg)

Saltworks PJD Package Final November 2009 (7 meg)

Saltworks PJD Letter and Map April 2010 (2 meg)

Communications with Attachments Set 1 (11 meg)

Communications with Attachments Set 2 (22 meg)

Communications with Attachments Set 3 (24 meg)

Please also prepare an index of the documents. I have only looked at some of them, but I expect that some will not have titles or obvious descriptions. We can go over those after you have an initial index. I will be out of the office the rest of this week; back in on Monday.

Thanks for your help!

Brett
